
HIGH-PERFORMANCE POLYPROPYLENE (PP) STRAP

Strong, Secure, Sustainable:

Highlights

Secure Packaging

PP straps provide high-tensile strength and reliable packaging, ensuring that your goods remain intact during transit

Cost-Effective

PP straps offer a low-cost, yet effective solution for packaging compared to other materials

Easy Handling

Lightweight and flexible, PP straps are easy to handle, reducing strain and improving efficiency

Highly Durable

Anti-tear, abrasion, and corrosion, chemical and moisture resistant, PP straps maintain their performance even in extreme weather conditions

Sustainable

PP straps are environmentally friendly and can be recycled, contributing to sustainability efforts

Features and Benefits

Advanced Performance

Simple to Use

Fully Auto Grade

Versatile Application

Technical Specifications

Product	Surface	Colour	Width (± 0.50 Mm)	Thickness (± 0.05 Mm)	Break-load (Min. Kg)	Coil length (Meters)
1265	Embossed	White	11.5	0.65	125	2500
865	Embossed	White	8.5	0.65	110	2500
1270	Embossed	White	11.5	0.7	170	2000
1570	Embossed	Natural	14.5	0.7	190	1350
1570	Embossed	White	14.5	0.7	150	1500
1870	Embossed	White	18.5	0.7	180	1500

Tolerances: Thickness ± 0.05 mm, Width ± 0.60 mm, Break Load $\pm 5\%$ Elongation: Plain - 10% to 17%, Embossed - 10% to 20%

Industries We Serve

Pharma

Paper

Chemical

FMCG

F&B

Auto and Engineering
